MANAGEMENT'S DISCUSSION AND ANALYSIS

BUSINESS REVIEW

The Group is a slope works contractor in Hong Kong. The slope works undertaken by the Group generally involve landslip preventive and remedial works for improving or maintaining the stability of slopes and/or retaining walls. The Group is experienced in undertaking different kinds of slope works which mainly comprise (i) drilling and installation of soil nails; (ii) construction of retaining walls; (iii) installation of debris flow protection rigid barriers; (iv) construction of flexible barrier system; (v) installation of raking drains; (vi) installation of wire meshes and mats for erosion control; (vii) construction of concrete maintenance stairway/access; and (viii) landscape softworks and establishment works. A-City Workshop, the Group's principal operating subsidiary, is registered under the Buildings Ordinance as a Registered General Building Contractor and a Registered Specialist Contractor under the sub-register of "site formation works" category. A-City Workshop is also registered as specialist trade contractors scheme in Construction Industry Council for reinforcement bar fixing, concreting formwork and concreting and registered as subcontractor for earthwork and geotechnical works. On 18 June 2020, A-City Workshop was approved and was registered as a probationary contractor on the List of Approved Specialist Contractors for Public Works maintained by the Development Bureau under the category of "Landslip preventive/remedial works to slopes/retaining walls" ("**Approved Specialist Contractors**").

PROSPECTS

The Shares were listed on the GEM on 13 December 2019 (the "**Listing Date**"). Net proceeds from the Listing were approximately HK\$37.1 million after deduction of the underwriting commission and relevant listing expenses. The Group utilised the fund for satisfying the requirements of working capital and machineries stated in the application of Approved Specialist Contractors. Such application was completed and A-City Workshop was approved and was registered as Approved Specialist Contractors on 18 June 2020. In addition, we applied the fund for our staff recruitment on new projects.

We believe that the registration of an Approved Specialist Contractor will significantly enhance our market position and facilitate us to expand our market share in the slope works industry in Hong Kong. After being registered as an Approved Specialist Contractor, we will be able to tender for public slope works directly from the Government of Hong Kong, which will provide more business opportunities and better position for us to capture the forecasted growth in public slope works.

In view of the outbreak of novel coronavirus pneumonia (the "**Epidemic**") in Hong Kong since January 2020, the Group has implemented measures, including frequent cleaning with disinfectant, ensuring all staffs wearing face masks at work, conducting body temperature test, etc., to protect the health and safety of the employees. We will continue to closely monitor the development of the Epidemic and use every effort on epidemic prevention and control during our daily operation. Our Directors believe that Epidemic will not bring significant impact on the Group's continuing business operations.

As such, adjusted profit and total comprehensive income attributable to equity holders of the Company amounted to approximately HK\$26.0 million (excluding listing expenses and the financial support from the Anti-epidemic Fund) for the nine months ended 30 September 2020, which increased by HK\$6.7 million or 34.8% as compared with HK\$19.3 million for the nine months ended 30 September 2019.
