INTERIM RESULTS ANNOUNCEMENT
FOR THE SIX MONTHS ENDED 30 JUNE 2025

FINANCIAL HIGHLIGHTS

The revenue of Maxicity Holdings Limited (the “**Company**”) and its subsidiaries (collectively the “**Group**”) increased from approximately HK\$84.8 million for the six months ended 30 June 2024 to approximately HK\$131.4 million for the six months ended 30 June 2025, representing an increase of approximately HK\$46.6 million or 54.9%. Such significant increase was mainly due to the increase in both relatively larger scale projects (i.e. projects with revenue recognised HK\$10.0 million or above) from public sector and relatively smaller scale projects (i.e. projects with revenue recognised between HK\$1.0 million and HK\$5.0 million) during the six months ended 30 June 2025.

Gross profit increased by approximately HK\$2.0 million, or 34.3%, from approximately HK\$5.9 million for the six months ended 30 June 2024 to approximately HK\$7.9 million for the six months ended 30 June 2025. The increase in gross profit was mainly attributable to the increase in the Group’s revenue as mentioned above. Gross profit margin decreased from approximately 6.9% for the six months ended 30 June 2024 to approximately 6.0% for the six months ended 30 June 2025. The decrease in gross profit margin was mainly attributable to the slight increase in our costs of service, which was caused by the increase in subcontracting costs for completing our two major public projects at the end of this period.

Profit and total comprehensive income increased from approximately HK\$1.7 million for the six months ended 30 June 2024 to approximately HK\$3.7 million for the six months ended 30 June 2025, representing an increase of approximately HK\$2.0 million or 121.2%. Such increase was mainly attributable to the increase of revenue and gross profit for the six months ended 30 June 2025 as mentioned above as compared to the six months ended 30 June 2024.

Basic and diluted earnings per share amounted to approximately HK0.92 cents for six months ended 30 June 2025 (six months ended 30 June 2024: HK0.42 cents).

The board (the “**Board**”) of directors of the Company (the “**Directors**”) does not recommend the payment of an interim dividend for the six months ended 30 June 2025 (six months ended 30 June 2024: Nil).

The Board of the Company hereby announces the unaudited condensed interim consolidated results of the Group for the six months ended 30 June 2025, together with the comparative unaudited figures for the six months ended 30 June 2024 and certain comparative figures as at the end of the last audited financial year 31 December 2024.

During the six months ended 30 June 2025, the Group acquired items of property, plant and equipment of approximately HK\$0.2 million (six months ended 30 June 2024: HK\$3.4 million).

11. BOND RECEIVABLE AND BOND

Bond receivable represents two independent private investors (the “**Subscribers**”) to subscribe a one-year 8% coupon rate Bond issued (the “**Bond**”) by Kinglink Capital Holdings Company Limited (the “**Kinglink Capital**”), a subsidiary of the Group, with an aggregate principal amount of HK\$40,000,000. The issuance of the Bond has taken place on 25 June 2025 and the whole amounts have been received on 2 July 2025.

The net proceeds from the Bond are intended to be applied towards supporting the Group’s strategic entry into the industrial park management sector in the People’s Republic of China (the “**PRC**”), with an initial focus on Ganzhou City, Jiangxi Province.

On 9 June 2025, the Group has established a new subsidiary, Jiangxi Jincheng Holdings Development Company Limited* (江西金晟控股發展有限公司), in Ganzhou City, Jiangxi Province, the PRC (the “**PRC Subsidiary**”), the equity interests of which are wholly-owned by Kinglink Capital in Hong Kong.

Specifically, the proceeds will be allocated to the PRC Subsidiary to facilitate early-stage preparations and exploratory work within its permitted business scope.

12. TRADE AND OTHER RECEIVABLES

	At 30 June 2025 HK\$'000 (Unaudited)	At 31 December 2024 HK\$'000 (Audited)
Trade receivables (<i>note (a)</i>)	315	19,872
Other receivables (<i>note (b)</i>)	2,334	2,207
Prepaid insurance	2,585	3,262
	<u>5,234</u>	<u>25,341</u>

The directors consider that the fair values of trade and other receivables are not materially different from their carrying amounts, because their balances have short maturity periods on their inception.

Notes:

(a) Trade receivables

The Group grants credit terms to customers for a period of 30 to 60 days from the invoice date for trade receivables. For settlement of trade receivables from provision of undertaking slope works, the Group usually reaches an agreement on the term of each payment with the customer by taking into account of factors such as, among other things, the credit history of the customer, its liquidity position and the Group's working capital needs, which varies on a case-by-case basis that requires the judgment and experience of the management.

Based on the invoice date, the ageing analysis of the trade receivables is as follows:

	At 30 June 2025 HK\$'000 (Unaudited)	At 31 December 2024 HK\$'000 (Audited)
0–30 days	–	17,164
31–90 days	–	1,130
More than 90 days	315	1,578
	<u>315</u>	<u>19,872</u>

The Group applies the simplified approach to provide for ECLs prescribed by HKFRS 9 which permits the use of lifetime ECL provision for all trade receivables. As at 30 June 2025 and 31 December 2024, the Group assessed the loss allowance and the expected credit loss rate under the application of HKFRS 9 were insignificant.

(b) Other receivables

As at 30 June 2025, other receivables mainly comprised of: (1) utility deposits which amounted to HK\$2,178,000 (31 December 2024: HK\$2,045,000); and (2) interest receivables which amounted to HK\$133,000 (31 December 2024: HK\$139,000).

13. CONTRACT ASSETS AND CONTRACT LIABILITIES

13.1 Contract assets

	At 30 June 2025 HK\$'000 (Unaudited)	At 31 December 2024 HK\$'000 (Audited)
Unbilled revenue	18,941	7,708
Retention receivables	3,685	6,152
	<u>22,626</u>	<u>13,860</u>

Contract assets represent the Group's right to considerations from customers for the provision of undertaking slope work, which arise when: (i) the Group completed the relevant services under such contracts but yet certified by architects, surveyors or other representatives; and (ii) the customers withhold certain certified amounts payable to the Group as retention money to secure the due performance of the contracts after the expiry of the defect liability period of construction projects. Any amount previously recognised as a contract asset is reclassified to trade receivables at the point at which it becomes unconditional and is invoiced to the customer. As at 30 June 2025 and 31 December 2024, the Group assessed the loss allowance and the expected credit loss rate under the application of HKFRS 9 were insignificant.

Changes of contract assets during the six months ended 30 June 2025 were mainly due to:

- (1) Changes in unbilled revenue as a results of number of contract works that the relevant services were completed and certified during the year; and
- (2) Changes in retention receivables as a result of a decrease of number of ongoing and completed contracts under the defect liability period during the year.

13.2 Contract liabilities

	At 30 June 2025 HK\$'000 (Unaudited)	At 31 December 2024 HK\$'000 (Audited)
Contract liabilities arising from construction contracts from billings in advance of performance	1,038	3,136

All of the contract liabilities are expected to be recovered/settled within one year.

14. TRADE AND OTHER PAYABLES

	At 30 June 2025 HK\$'000 (Unaudited)	At 31 December 2024 HK\$'000 (Audited)
Trade payables (<i>note (a)</i>)	16,228	23,021
Accruals and other payables (<i>note (b)</i>)	843	1,732
	<u>17,071</u>	<u>24,753</u>

Notes:

(a) Trade payables

The Group is granted by its suppliers a credit period ranging from 0 to 45 days. The ageing analysis of trade payables based on the invoice date is as follows:

	At 30 June 2025 HK\$'000 (Unaudited)	At 31 December 2024 HK\$'000 (Audited)
0–30 days	16,004	22,398
31–365 days	–	399
Over 365 days	224	224
	<u>16,228</u>	<u>23,021</u>

(b) Accruals and other payables

As at 30 June 2025, accruals and other payables mainly comprised of: (1) other payable to subcontractors which amounted to HK\$340,000 (31 December 2024: HK\$340,000); and (2) accrued professional fee which amounted to HK\$500,000 (31 December 2024: HK\$1,330,000).

All amounts are short-term and hence, the carrying values of the Group's trade and other payables are considered to be a reasonable approximation of fair value.

15. SHARE CAPITAL

	Number of shares	HK\$'000

During the six months ended 30 June 2025, the Group undertook 18 contracts with an aggregate contract sum of approximately HK\$830.6 million. As at 30 June 2025, 1 contract with aggregate contract sum of approximately HK\$3.4 million has not yet commenced its work. As at 30 June 2025, apart from this aforementioned project that not yet commenced its work, the Group had 17 contracts in progress with an aggregate contract sum of approximately HK\$827.3 million.

In 2025, the Civil Engineering and Development Department (the “**CEDD**”) continued the Landslip Prevention and Mitigation Programme (the “**LPMitP**”) to upgrade government manmade slopes, mitigate landslide hazards and conduct safety screenings. Under the LPMitP, 150 man-made slopes were upgraded in 2024 and 36 man-made slopes were upgraded in the three months ended 31 March 2025. As put forward in the Hong Kong 2025–2026 Budget by the government of Hong Kong (the “**Government**”), the Government estimated that the expenditure for landslip prevention and mitigation will reach HK\$1.32 billion in 2025/26, from HK\$1.27 billion in 2024/25. In the Chief Executive’s 2024 Policy Address announced in October 2024, the Chief Executive announced a series of policy measures to enhance land supply, including that the Government will (i) deliver about 300 hectares of newly formed land from 2025–26 to 2034–35; (ii) make land available for the production of around 80,000 private housing units from 2025–26 to 2029–30; (iii) conduct feasibility studies for rezoning 255 hectares of green belt sites identified for housing development; (iv) resume around 1,000 hectares of private land for government projects from 2024–25 to 2028–29; and (v) commence works in Tseung Kwan O Area 137 within 2025.

Hong Kong’s economy recorded solid growth in the second quarter of 2025. According to the Government, the real GDP grew by 3.1% in the second quarter of 2025 compared to the same period a year before. On a seasonally adjusted quarter-to-quarter basis, the real GDP increased by 0.4%. The Government foresees continue growth in the economy due to steady economic growth in mainland China, sustained increases in local employment earnings, robust stock market and the stabilisation of the residential property market. The Government note that tariff rates announced by the US and US’ tariff policy remains quite uncertain, which could hinder international trade flows and cause inflation and deter economic activities. The uncertainty surrounding the pace of interest rate cut in the US may also affect Hong Kong’s investment sentiment. The Group expects the second half of 2025 to continue to be challenging. In view of the uncertainty in the global economy, the Directors aim to focus on existing projects and have taken a more conservative approach in tendering for new projects until the market condition is more certain. The Directors remain cautious on the Group’s business outlook in the remainder of 2025.

Gross profit margin decreased from approximately 6.9% for the six months ended 30 June 2024 to approximately 6.0% for the six months ended 30 June 2025. The decrease in gross profit margin was mainly attributable to the more-than-proportionate increase in our costs of service as compared to the increase in revenue, which was caused by the increase in subcontracting costs for completing our two major public projects at the end of this period.

EVENTS AFTER THE END OF REPORTING PERIOD

On 9 June 2025, the Group has established a PRC Subsidiary for potential future participation in the industrial park management sector in the PRC, with a particular focus on Ganzhou City, Jiangxi Province. However, following a series of commercial negotiations with relevant industry participants and after a careful and holistic assessment of the prevailing business environment, potential return profile, and associated operational risks, the management has concluded that the risk-return dynamic and market conditions for developing such business in the PRC are not yet optimal. While the project held initial strategic appeal, the Group believes it is in the best interest of its shareholders to remain focused on its core business strengths and to maintain operational agility.

As such, the Group has resolved not to proceed with the proposed expansion into the PRC management services sector at this stage. In light of the foregoing strategic decision and taking into account the Group's current financial position and working capital needs, the Group has, after amicable negotiations with the Subscribers, reached an agreement to fully redeem the Bond in cash and settled in full, without any accrued interest on 25 July 2025.

Upon completion of the redemption, all obligations and liabilities of Kinglink Capital and the Subscribers have been fully discharged and terminated. The Group considers the conclusion of this transaction to be an appropriate and timely step to streamline its capital structure and preserve financial flexibility for future strategic development.

Apart from the above, there are no significant events affecting the Group after 30 June 2025 up to the date of this announcement.
